

Important Points to be Noted:

Examination-

We would like to inform you that students can give their exams anytime whenever they are prepared for a particular subject, there are no examination cycles applicable to take any exam.

- Eligibility- After the successful completion of internal assessments, you can apply for the Term End Exams.
- All the slots are available as per Indian Standard Timing (GMT +5:30).
- You can attempt two exams in a day.
- If you do not login at the scheduled date and timing of your exam, you will be marked as “Absent” the same will be rescheduled after paying rescheduling fees.
- In case you do not clear your exam at one attempt, the same you can reappear after 90 days of your last attempt.
- The result for the term end exams will be declared by the first week of every month from the month in which you have taken the exams.

System Check-

System check is a procedure to check your system technically to make sure your system is working properly for the examination.

- You need to go through with the mandate system check to book your term end exam.
- Students are required to schedule date and timing for the system check which is available on the dashboard of your LCMS.
- In case you do not appear for the system check on the scheduled date, you will be marked as “Absent” and you can reschedule it again for some another day and timing.
- System check is valid up to 3 months from the last successful completion date, after that you need to take the system check again.
- System check is at free of cost, there will be no charges for the same.

Internal Assessments-

- There are two internal assessments per subject which you need to clear with 40% on an average to be eligible for term end examination.
- If you do not clear your both of the internal assessments at one attempt, the same will be active again after 15 days for your attempt.
- The result for the internal assessments is updated in the portal after 1 hour of your attempt.

- Students can take their internal assessments any time as per their convenience.
- In case you have already started your assessment and it interrupts due to power failure, internet problem the time clock will keep on running and your internal assessment will be submitted automatically after the stipulated time period. Thus you are suggested to make sure that you take your assessments in an environment where power and internet connection is on secure mode.
